**Grant Application - Tier A Municipality**

Municipality Name: \_\_\_\_\_

Address: \_\_\_\_\_

County: \_\_\_\_\_ State: \_\_\_\_\_ Zip: \_\_\_\_\_

Stormwater Program Coordinator: \_\_\_\_\_

Title: \_\_\_\_\_ Phone: \_\_\_\_\_ Fax: \_\_\_\_\_

Vendor ID # \_\_\_\_\_

The Department is providing funds to Tier A municipalities for the implementation of certain activities required by the Tier A NJPDES Municipal Stormwater General Permit (NJ0141852). These activities, although only a partial list of the permit requirements, are listed below. The Department may release funds earlier if these activities are completed sooner than required by the permit. The municipality must be able to document completion of the activity and submit the attached Certification on or before April 1, 2006 to the Bureau of Administration and Management. 75% of the funds are released upon receipt by the Department of a signed agreement and the remaining 25% of the funds are released upon receipt by the Department of the attached Certification documenting completion of the required activities. This Application must be submitted to the letterhead address on or before March 3, 2004.

- Prepare and implement a written Stormwater Pollution Prevention Plan that describes the municipality's stormwater program and serves as the mechanism for the implementation of statewide basic requirements (within 12 months from effective date of permit authorization)
- Adopt and reexamine a municipal stormwater management plan (or adopt amendments to an existing stormwater management plan) in accordance with N.J.A.C. 7:8-4.2 (within 12 months from effective date of permit authorization)
- Adopt a municipal stormwater control ordinance(s) in accordance with N.J.A.C. 7:8 (within 12 months from the adoption of, or adoption of amendments to, a municipal stormwater management plan)
- Adopt a Pet Waste Ordinance (within 18 months from effective date of permit authorization)
- Adopt a Litter Ordinance (within 18 months from effective date of permit authorization)
- Adopt a Yard Waste Ordinance (within 18 months from effective date of permit authorization)
- Adopt an Improper Waste Ordinance (within 18 months from effective date of permit authorization)
- Adopt a Wildlife Feeding Ordinance (within 18 months from effective date of permit authorization)
- Adopt an ordinance prohibiting illicit connections to the MS4 (within 18 months from effective date of permit authorization)

*A signed agreement between the Department and your municipality will be required in order to release funds. The Department will prepare the agreement and forward to the municipality.*

Signature of principal executive officer or ranking elected official of the municipality or duly authorized representative:
